

Each of the three sleighs at the bottom of this page is ready to bring its load to Arendelle. Which of them is on the right track?

## KINGDOM OF ARENDELLE

Harvested ice blocks are loaded on these three sleighs. If a big block weighs 3 and a small one just 1, can you figure out the total weight of each load?

A=      B=      C=  
 .....      .....      .....

Answer: Sleigh C is on the right track. Weighs: A=6, B=4, C=7.
